

# FACTSHEET NO. 1: GRANTS FOR DISABLED PEOPLE

If you have a disability, or you are a disabled person on a low income, there are many sources of financial help and support available in the private, public and voluntary sector. These complement the government's welfare benefits program.

Below is a selection of sources of help available, with details of how to apply.

## **Discretionary Housing Payment (DHP)**

A discretionary housing payment could help top up your housing benefit if you are facing hardship, including if you have been affected by recent housing benefit changes, for example the bedroom tax, but a discretionary housing payment is not a long term solution.

In order to be eligible for one of these payments to cover the shortfall in benefit caused by the bedroom tax, you would need to demonstrate that you are actively looking for alternative accommodation. This payment is however also paid for other reasons such as:

- It can also be paid for rent deposits, rent in advance and moving costs providing you are entitled to Housing Benefit at the time you apply.
- It can also be paid in some cases if you have had your Housing Benefit reduced because of the Benefit Cap.

To claim, contact Hillingdon Borough Council

## **Disabled Facilities Grant (DFG)**

Disabled Facilities Grants are grants provided by your council (local authority) to help with the access needs of a disabled person. The scheme operates in England, Northern Ireland and Wales. You do not need to be receipt of DLA or PIP.
